VALE GEOFF APPELBEE & BRIAN PETHERICK

Sadly, we have recently said goodbye to two well respected PEBC members both of whom passed away during the Christmas break. Life member Geoff Appelbee ceased playing bowls a few years ago due to declining physical fitness. Over many years Geoff had donated and painstakingly ruled up the pennant boards in preparation for the coming seasons. Whenever he perceived a need he donated generously buying our impressive pennant score boards, deck blinds and TV. As a bowler he was renowned and in much demand for his excellent leading.

Brian, a talented and skilled hands-on craftsman, joined the club in 2011 and immediately threw himself into club affairs, particularly enjoying facility development. His expertise was invaluable in planning and renovating McDonald House and many other projects around the club. He was a selector for some years, and also Chairman of Selectors. In this latter position he was able to incorporate his avid interest in computers by introducing emailed pennant selection and printed cards and record keeping for both selection and Night Owls. He was also a current Board member. Nancy and family would like to thank members for the many cards and messages of support received from club members.

ASK A BUSY PERSON!: Fleurieu Cancer Support Foundation needs more volunteer drivers. We have a number of members who already volunteer for this group. The Foundation is also seeking another rostering officer. If you know anybody who has reasonable computer skills, and may be interested in helping this worthy support group, please suggest they contact Ken Price, rostering officer, 0428407668/sfcsg.transport@gmail.com.

RESUSCITATION TRAINING: We are still trying to make this happen! Information will be sent out as soon as an arrangement is finalized.

FIRST AID TRAINING: It would be really good to have 3-4 first aiders. If you have current qualifications or are prepared to do a first aid course, then please talk to Secretary Kaye!

UMPIRE, MEASURER & COACHING COURSES are being held over the next couple months at Holdfast Bay. Please contact Secretary Kaye if you are interested in any of these courses.

PRESENTATION NIGHT & AGM These functions will be held on 8th April. 7pm Presentation/8pm AGM. Several committee terms are complete and positions will become vacant. If you would like to contribute to the management of your club please seek further information from the President, Secretary, or a Board member.
